CALCULOS DE COSTOS GOOGLE CLOUD

The screenshot shows the Google Cloud pricing calculator interface. The main heading is "Compute Engine" with a sub-heading "Instances". The current configuration shows 1 instance with a total usage time of 730 hours per month, resulting in an estimated cost of \$68.92 / month. The interface includes a sidebar with "Cost details" and a "Link billing account" button. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 21:18 on 29/11/2025.
